RELEVANT EXPERIENCE

Dickinson College Office of Analytics and Institutional Research

Carlisle, PA

Student Data Analyst

September 2025-May 2026

- Compiled and analyzed institutional data on admissions, enrollment, student retention, alumni outcomes, study abroad participation, and ad hoc faculty data requests.
- Designed student engagement surveys and created reports on survey data through Qualtrics.
- Contributed to internal and external institutional data reports, including IPEDS and ACTS.
- For various projects: produced 40 individual 20-page reports on student feedback for study abroad programs in Qualtrics; designed PowerBI dashboard reporting student demographic, engagement, and outcome data for 10 years of graduates; merged and cleaned 18,000+ rows of data in Excel to create PowerBI dashboard of applicant demographics.

Dickinson College Women's & Gender Resource Center

Carlisle, PA

Athletics, Menstrual Equity, & Gender Month Project Coordinator

August 2025-May 2026

- Coordinated campus-wide events promoting gender education and activism.
- Liaised with the athletics department to coordinate partnered initiatives supporting the college's 12 women's athletic teams.
- Supported menstrual equity through managing the placement and stocking of menstrual products in all women's and inclusive restrooms on the college's campus.
- Designed and coordinated five events for Gender Month which explored the relationship between gender and all kinds of movement: activism, physical activity, migration and travel, and more.

Dickinson College Department of Women's, Gender, & Sexuality Studies

Carlisle, PA

Dana Research Assistant for Professor Katie Oliviero

September 2024-December 2024

- Conducted literature review on transnational, feminist, crip, racial justice, and queer theories' engagement with concepts of complicity and accountability.
- Researched how bans on teaching about systemic racism, sexism, and LGBTQ+ identities in publicly funded schools and universities rely on claims that these curricula unjustly promote a sense of identity-based guilt and complicity among straight, cisgender, white students.

Franklin & Marshall College: Global Barometers

Lancaster, PA

Research Assistant

June 2024-January 2025

- Created visualizations of the patterns among 260,000+ government policy data points using PowerBI for scholarly publications, policy briefs, news articles, and presentations.
- Authored, researched, and designed data visualizations from survey data for the 6-page report entitled *Snapshot Series: The Lived Realities of Intersex Individuals (2024)*.
- Co-authored and performed qualitative and quantitative analyses of data for the report *Global LGBT Rights, 2011-2022: A Mixed Record*.

TECHNOLOGY SKILLS

- Programming: Python (numpy, pandas, matplotlib, scikit-learn), R, SQL
- Data Visualization & BI: PowerBI, Excel (VLOOKUP, PivotTables), Tableau
- Data Analysis & Statistics: Data cleaning, statistical analysis, machine learning
